Venue Rental Fees & Bar Packages

How Venue Rentals Work

To book an event that is not open to the public or that falls outside our normal operating hours, you will need to pay a venue buy-out fee. If your event is closed to the public, the needed set-up time will be factored into your rental if hourly.

How Minimum Spends Work

Private rentals and reservations during our public hours may be subject to a minimum spend which will be predetermined in advance of the event for the set event time. If a party does not meet the minimum spend amount, they will be billed for the difference in amount between the bill and the minimum spend requirement. Any day of changes to minimum spend amount or event time will be subject to a service fee **and** any additional charges that occur. Minimum spend amounts do not include tax and gratuity.
